DETAILED ACTION

The finality of the prior Office action is withdrawn in light of the new rejection infra.

Reissue Applications

Claims 27-31, 33-44, 46-75, 78, 79, 81-83, and 85-94 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is as follows:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The current oath or declaration states "material to examination" in lieu of the proper language.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

Allowable Subject Matter

Claims 27-31, 33-44, 46-75, 78, 79, 81-83, and 85-94 would be allowable upon the submission of the new oath or declaration.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
